## REGULATIONS REGARDING DISCOUNT

1. Orders of any size which are sent directly to the School-Book Branch by students and teachers are not eligible for the wholesale rate. Such orders must be accompanied by a remittance for the full list value of the books. The School-Book Branch will prepay transportation charges.
2. Orders from school divisions, or school districts not within divisions are subject to the following regulations:
  - (a) **An order amounting to less than \$10.00** total list value will not be granted a discount. Books will be supplied at prevailing prices, postage charges prepaid by the School-Book Branch.
  - (b) **An order amounting to \$10.00 or more**, in terms of retail value, will be given a discount of 15 per cent off list price and transportation charges will be prepaid by the School-Book Branch.  
**To secure this discount benefit, the secretary-treasurer must sign the requisition form and apply the seal or stamp of division or district.**

The discount privilege is given on the understanding that the books are to become the property of the school division or school district. However, books may be bought at a discounted rate for the purpose of reselling them to students, but the secretary-treasurer must guarantee that the students receive direct benefit by being able to purchase their books at actual cost.

## PAYMENT FOR BOOK ORDERS

A covering remittance, made payable to the School-Book Branch, in the form of a certified cheque or money order, must accompany requisitions sent to the Branch. No charge accounts can be opened for teachers and students. If the secretary-treasurer authorizes an order to be charged, credit for sixty days may be given to a school division or school district.
